Dear Reader,

Dan Denning here, coauthor of *The Bonner-Denning Letter*.

What did you do during the lockdown? Learn a new language? Teach yourself to play the piano? Finally get those six-pack abs?

On **August 26 at 8 p.m. ET**, Jeff Clark is going to show you what he did.

If you have kids... or, more importantly, if you want to learn how to be a better trader and make more money faster... you won't want to miss what he has to say. [You can sign up for the lesson here.](#)

Not just anyone can turn a negative (like the lockdown) into a positive. But that's the kind of guy Jeff is. He's one of the most positive and helpful people I've worked with. And he's been that way long before I met him in 2004 on an investment trip to New Zealand.

He's the sort of man who strengthened his relationship with his son by teaching him one of the most valuable secrets he's learned as a professional trader – a secret that helped Jeff retire 25 years earlier than most people.

On August 26, he'll share with you the challenge he issued to his son during the lockdown... AND the secret to making more money as a trader. [Sign up right here.](#)

Regards,

Dan Denning
