Want to learn the pro trick to divots **AFTER** the ball?

Have you ever hit a great shot leaving yourself just a short wedge into a par 4 - only to lay the sod over the next one?

It's so frustrating!

Well, take heart, the pros have a little trick up their sleeves that allows them to take nice, crisp dollar bill sized divots that start after the ball.

And that's the secret I'm going to teach [YOU in this FREE video - click here!](#)

PS BootCamp enrollment ends next week, so if you want to take your game to a whole new level and have the **perfect practice program to follow this winter**, make sure you [secure your spot here!](#)
