RG Exclusive Offers <email@email.revolutiongolf.com>

Hi Golfer

I'm here today with **one of the greatest putters of all time, Dave Stockton**. Dave has won 5 majors with 25 wins overall on the PGA and Champions Tours.

He's really good... and he wants to show you how to dramatically improve your speed control, hit straighter putts and become automatic inside seven feet with this innovative solution that's super easy to use.

[It's an amazing tool](#) that crosses three things off my game improvement wish list:

1. It's not an elaborate gizmo that will bring unwanted attention from your buddies
2. This isn't just for practice and you can actually play with it on the golf course
3. Anyone will immediately know how to use it... without any instruction

[It's one of the best training aids we've seen](#) to help you improve the one area of your game that can be the trickiest... putting. Oh and did I mention that it's used by hundreds of touring and teaching pros.

[It's time to up your putting game](#) and start shaving strokes immediately.

To frustration free putting,

Justin Tupper  
**Revolution GOLF**

P.S. GOLFPASS Members, don't forget you always receive free shipping. [Now go putt like a pro.](#)
